A Thought.....

The earth tired !  
 where all gone?  
 silence every where  
 searching all tired  
 searching in net  
 but link fail.  
 Gone to river bed  
 the temple high gate  
 village city all place  
 village is zero place  
 silence valley of Koraput  
 silence is like graveyard-  
 what happened to all?  
 Creature roaming free  
 with minimum disturbance  
 due to lockdown of human  
 have I arrived at the wrong place?  
 Same temple, same home  
 same path , same jungle,  
 same water fall, same field of cuca,  
 birds, animal all.....but.....  
 One street dog  
 with tired look told  
 an incident happened!  
 No food at all  
 no feast at all  
 very difficult my life  
 is this time for paradigm shift?
